## Installation Banquet A Summer Success

From Food, Ices, Magic, and More,  
The height of the Ring year was a delight for all.

The July 10<sup>th</sup> Ring 76 Installation Banquet was the height of the 2021-22 Ring year as over eighty Ring members and guests descended on the palatial home of Bob & Mary Meigs to enjoy sunshine, good temperatures, cool water and entertaining magic. Top that off with flavorful ices and a Chili Cook-off and you could not have asked for a better event.

As with any successful event, the proof was in the planning and **Mark Booth**, **Mike Stilwell**, **Bob and Mary Meigs** worked diligently these last few months to make sure the event went off as smoothly as possible. Reservations had to be made in advance so that there were no surprises in the amount of food and drink needed. Parking, always a challenge in Southern California, was coordinated and managed by Mike with the help of parking coordinators, and the Board of Directors (Outgoing) managed the rest.

Meeting location was the home of Bob & Mary Meigs

The highlight of this year's event was the Chili Cook-off proposed by **Bob Meigs** and coordinated by **Mark Booth**. Seven participants prepared their best efforts and set them on the counter in warming containers. The audience then sampled each batch and voted on their favorite. The ballot box was then unsealed and the votes tabulated by **Richard Ustick**, a neutral judge in this event. The top three contestants were awarded the

first annual Ring 76 Chile Cook-off medal: First place went to **Mark Booth**, Second Place went to **Mysti Schubert** and Third Place went to **David Chiu**. Congratulations to all the participants. This event was so successful that it may become an annual event.

*Aloha Ice Company* provided frozen creations to satisfy the attendees while the main meal was provided by *Pollos Maria* and featured chicken and beef soft tacos with all of the fixings. For dessert (which included the very hard-to-find Tutti Frutti, *Shoobie's Microcreamery* ice cream bar was set up. A better summer fare would have been hard to find.

## President's Message

Dear Members of Ring 76,  
Thank you for re-electing me for a 2nd term as your President. I'm Honored.

Thank you again to **Bob and Mary Meigs** for providing our location for our 2022 Installation Banquet as well as funding the event.

Thank you to **Mark Booth** for taking on the task to organize the banquet, the Chili Cook-off, and all the other things that made this year's Installation Banquet one of the best we have had.

Thank you to your incredible Board for all their hard work and support for me and your club all year long.

And so the new year begins: sharing, performing, collecting and learning the art of magic that we all love.

As of this writing, the church meeting hall is still mask optional for our meetings. If there is any change in the church or state policy we will email you.

The theme for this month's meeting is **Math Magic** and we will also be having raffle tickets, door prizes, an opportunity drawing, and magic for sale.

See you Monday, August 8th !

**Mike Stilwell,**

President Ring 76

### *Meeting continued from page 1*

After the contests and food, the main reason for the banquet, the awards and installation of officers, commenced. With our V.P. of Entertainment needed elsewhere, the task of presenting the awards fell to President **Mike Stilwell**. The first order of business was the presentation of the award for the Close-up and Stand-up contests the Ring had put on earlier in the year. Voted on by the members present at each contest, the winners for the Close-up contest were: Third place, **Michael Johnson**, Second Place, **Matthew King**, and the First place winner was "**Mago**" **Ruly**. Next up was the Stand-up winners, which were Third Place, **Nick Benevento**, Second Place, "**Mago**" **Ruly**, and the First Place winner, **Mark Booth**.

Up next was a special award presented to **Dan Thomas** for all of his years at *The Gathering* restaurant supporting magic and magicians in the San Diego community. For such service and for special considerations Ring 76 presented the "**Tip of the Hat**" award.

The next award to be presented was for the **Ring 76 Entertainer for the Year**. Throughout the year members perform at the meetings and each month members vote on who they feel had the best performance. Those votes are tabulated throughout the year

and that is how the Entertainer of the Years is determined. This year that award went to **Matthew King**. Congratulations **Matt**.

Chili Cookoff Big Success

The final award to be presented is the coveted *Member of the Year* award. Each year the Ring votes on who they think did the most not only for the Ring but for the magic community in general. This year was particularly unusual as it was our first live meetings in over two years due to Covid lock-downs. We had to gear up after a long hiatus and even had to settle into a new meeting location. The membership showed its appreciation for the stewardship of all of these challenges by awarding the Member of the Year to President **Mike Stilwell**.

With the Awards all presented it was time to acknowledged the passing Board of Directors and welcome in the new board as voted by the Ring membership. We were very fortunate to have the *I.B.M. Territorial Vice-President*, **Cliff Gerstman** with us to officiate the swearing in of the new Board of Directors.

*See Meeting page 3*

*Meeting continued from page 2*

They are President **Mike Stilwell**, First Vice President of Entertainment, **Greg Wauson**, Second Vice President of Membership, **James Thayer**, Secretary **Alvin Revilas\***, Treasurer **Miguel Garcia**, Sgt. At Arms: **David Chiu** and Members at Large **Mark Booth**, **Gary Salisbury**, and **Misha Osinovskiy**. Welcome to the new Board and may they rise to the challenges of the coming year.

New Board of Directors for 2022-23  
(Not pictured Greg Wauson, VP Entertainment & Matthew King, Secretary)

With all the business of the banquet settled, it was time for the entertainment. This year Ring 76 was pleased to present Alexander Great. A corporate and trade show performer, he has entertained not only tens of thousands of people during his career but the likes of Disney, CBS, E-Entertainment and Medtronic. He was well versed, charming, engaging, and had the Ring members and guests enthralled and laughing. A fitting end to an excellent day of fun and comradery.

Once again, thank you to **Bob and Mary Meigs** for opening their home to us and to Mark Booth who coordinated this event so that we did not have to. See you next year.

Honest Sid Gerhart was recognized with a display of his effects and other memorabilia. His granddaughter, Holly, was a guest of the Ring at this year's Installation Banquet.

## Trick of the Month Club #7 Spectator ACAAN

By Bob Meigs

This is another of *Mike Stihwell's* "regular deck" tricks. It not only uses a *regular* deck, but the deck can be *borrowed* and *shuffled!*

**Effect:** Have a spectator pick a card from a *shuffled, regular* deck, show it around, and *remember* it. (*You wouldn't believe how often spectators forget the card!*) You are turned away, so won't see the card. The spectator places the selected card face down atop the deck, which you promptly cut several times, and also allow the spectator to cut (completing each cut).

You then point out that the spectator's chosen card is "somewhere in the middle of the deck," spreading the decks between your hands as you ask. Collapsing the deck, you have the spectator select a number between 6 and 24. (The range can be 1 to 52, but I use 6 to 23 to save time and introduce an unexplained "red herring.")

You then count through the deck to this chosen number, starting by placing the top card face down, followed by the second card, etc. When you have counted to the chosen number, close the packet of counted cards. You will use this packet for the rest of the trick.

Start counting again, placing the top card of the packet face down, followed by the second, etc. As you count, say "*Let's see if you've really found your card.*" When you reach the spectator's chosen number (last card in the packet), hold it in the air without showing the face. Ask the spectator to name their card. After they do, turn the card around and smile. It *will* be the spectator's card.

**Method** As the spectator is showing the card around, you notice the bottom card of the deck, which is the "key" card. The spectator places their chosen card atop the deck, which is then cut several times. Cutting the deck changes the starting point, *but not the sequence of the cards. The "key card" will always be immediately atop the chosen card.* (If the key card is on the bottom, the chosen card is again on top.)

After the "cutting is done," spread the deck from your right hand to your left. The chosen card is now immediately *to the right* of the key card. As you collapse the deck, cut the chosen card to the top position. Now, as you count through the deck to the number chosen by the spectator, you are moving the chosen card to the *bottom* of a packet. Continue the trick as described in the last paragraph of the *Effect* section.

Congratulate your spectator! He (or she) has just performed *Any Card at Any Number*, often called the *Holy Grail* of card magic.

## Thank you to all of my Photographers

You will notice that this has been a particularly photo heavy newsletter this issue. The events this month made a "*gloss issue*" or "*color supplement*," as it used to be known in the trade, the best way to present the activities and memories to you.

I could not have done it alone and wish to thank **Matthew King** for all the great shots he took at the Installation Banquet and thank **Mark Booth** for his excellent work covering the Marie Hitchcock Puppet Theater show (See page 9).

Thank you for all your hard work.

# What's Coming Up

**August:** “Math Magic” is our theme this month. Any magic effect which involves numbers or owes its method to math, in one way or another, is fair game. So that pretty much includes everything! Get out your Martin Gardner books, old Linking Ring magazines or even online and find something to entertain your fellow magis.

**September:** This is our “Open Mic Night.” In other words, whatever type of magic trick you want to perform is fair game. Think of that effect you’ve been wanting to get performance ready. You’ll have a friendly audience to practice on!

**October:** I think it pretty much goes without saying that our October theme will once again be “Spooky Magic.” Does anyone remember Glorpy or the dancing handkerchief or floating lightbulb? Those would certainly fit in. And rumor has it that one member traditionally dresses the part for Halloween and actually sings his performance. Come and see if he’ll do it again!

Under New Business: “**Magic Mike**” asked if masks will be required at the church for our meetings, and they are still optional.

**Richard Ustick** mentioned he has someone who may be interested in joining Ring 76. They are a public service group of pirates who go to schools and they are interested in learning some magic. **James** mentioned continuing difficulties with payments for the Ring website hosting and was working to correct that. Various other administrative chores were also discussed and the appropriate individual was tasked with dealing with them. The Board then discussed the September meeting and decided on an “Open Mic Night.” With that, the newsletter requirements were handed out and the meeting was adjourned at 8:15 p.m.

As stated before, the meeting is opened to any member who wishes to attend and members are encouraged to talk to any Board members about issues they think the Ring needs to address.

## “Math Magic” is our August Theme

The theme for our next meeting is “Math Magic,” which may seem to be somewhat restrictive, but actually it’s amazingly open. Many magic tricks have their secrets based on mathematics, and sometimes deceptively so. Math is a foundation to the workings of effects from mentalism to card tricks.

If you’ve never ventured into magic with mathematics, take on this challenge and see what you might find. Check out some online math magic effects – just use Google or DuckDuckGo and see what pops up. You just might wind up fooling – as well as entertaining – your fellow members! Let Greg Wauson (gw83@ring76.com) know if you’re up to the challenge and he’ll add you to the list of performers. This is a performance night, so members will be voting for performer of the month and those votes count towards performer of the year.

## Shavings from the Board

The Ring 76 Board of Directors meets via ZOOM every fourth Monday of the month (except December). Meetings are open to the membership.

The July 25th board meeting was held via Zoom and was called to order at 7:01 p.m. by President “**Magic Mike**” **Stilwell**. This is the first meeting of the newly elected Board after their installation at the general meeting July 10<sup>th</sup>.

After an approval of the Minutes of the last Board meeting the various officers gave their reports. The general consensus that Ring 76 is doing very well and the outlook for the coming year was positive.

Current Secretary **Matthew King** gave a magic store update and then he discussed submitting the *Superior Quality Ring* award paperwork to National and adding the puppet theater shows, the recent TVP visit at the banquet, and adding the correct information from Bob’s recent events. “**Magic Mike**” mentioned we are all set for the Marie Hitchcock Puppet Theater Sunday, July 31<sup>st</sup> (see article in this newsletter). “**Magic Mike**” asked **Greg** about the letter for “**Mago Ruly**” assisting him with attending the meetings. “**Mago Ruly**” has been having difficulties crossing the American border with his props as the Border Patrol wants to make sure he is not coming across to work. **Greg** said he wrote the letter indicating “**Mago**” does not get paid for meetings, and sent it to **Alfonso Vazquez** to send to **Mago**. We are indeed an INTERNATIONAL Ring and that comes with some difficulties.

# Marie Hitchcock Puppet Theater Show a Rousing Success

by "Magic" Mike Stilwell

**Steve Taylor, Emcee**

**"Joe Mystic"**

The Puppet theater is a teaching and performing arena, so any one of our members who wants some stage time can participate. You don't have to be a semi-pro or a professional magician. In fact to get to those positions all you need

Sunday, July 31st, performers from Ring 76 entertained about forty to forty-five people at the Marie Hitchcock Puppet Theater in Balboa Park. Each show made up of kids, parents, grand parents and Ring 76 members, and some of the people paid to see all three shows. "Joe Mystic," "Mr. Funtastic" (Dale Law), "Magic Mike" Stilwell, Greg Wauson, Alfonso Vasquez, and Matthew King all performed that day and Andrea, the Hitchcock Puppet Theater representative was so impressed that she asked if the club would be interested in doing a performance every other month on the last Sunday and I told her I would put it to a vote at the next meeting and get back to her. She said she would have more time to advertise the shows and give the performers more press. Andrea also mentioned that she has some puppeteers that could participate with us as it is one of the requirements for a magic and puppet show.

**"Mr. Funtastic"**

stage time. Performing in front of a live audience can help all of us. I would be willing to MC our shows for anyone who want to

**Greg Wauson**

give this a try. Even if you never want to be a professional magician this could be a great opportunity to perform in front of a non-magician audience. The next performance date would be Sunday September 25th with much more time to advertise. Give this some thought and we will talk about it more at the August 8th meeting.

**"Magic Mike" Stilwell**

**Alfonso Vasquez**

Many thanks to **Mark Booth** who took all of these fabulous photos.

# Ex Libris

By Gary D. Salisbury

Welcome to Ex Libris, my monthly newsletter article about your IBM Ring 76 Library in San Diego, CA.

'Ex Libris' (Eh-cks LEE-breese), means 'From the Book'. Generally, you will see this term used on bookplates to denote that it came from the library of its owner, "Ex Libris: Gary Salisbury."

This is where we talk about your library and do book & video reviews. Yes, your library! If you are a Ring 76 member in good standing, then this is your library! So keep in good standing by paying your dues on time.

## WHAT'S NEW AT YOUR LIBRARY?

**Funding**-----**ON GOING**  
50/50 Opportunity Drawing – There was no 50/50 Drawing at the July Installation Banquet.

Library Sales – We made \$135 in library sales at the July meeting's Silent Auction. Someone got some great deals!

**Library Donations**-----**ON GOING**  
Jeff Pearson donated 22 magic DVDs to the library.

Mike Stilwell donated 2 DVDs to the library.

Holly Baker donated some of Honest Sid Gerhart's original magic props to the library. Some will be held in the library and some will be made available to members to own a piece of Ring 76 history.

Gary Salisbury donated a box of magic items to the library that will be sold at meetings to raise funds for the library.

**IBM Ring 76 Media Server**-----**ON GOING**  
David Chiu and I are digitizing all our DVDs and VHS tapes to put on the IBM Ring 76 Magic Media Server. The process is slow but we are constantly adding new material each week. We currently have over 1,650 titles there for your viewing pleasure.

How about donating your DVDs to the library so everyone in the club can share them? You will still have access to them through the PLEX server – even on your smart phone!

Do you have a way to convert VHS tapes to MP4 files? We would love to borrow or accept a donation of a device to do that.

Do you have an account on the IBM Magic Media Server yet? Why not? It is the best thing since Netflix!

**IBM Ring 76 Magic Library**-----**ON GOING**  
This month I purchased a highly recommended book on Spook Shows called Target: Midnight. (See a review below.)

**Loch David Crane Estate** -----**ON HOLD**  
I am serving as the contact point between Ring 76 and the Probate Attorney for Loch David Crane. Loch's hand written will specified that he wanted to leave the Ring some of his magic books. We are waiting for a Probate Court hearing before proceeding. The current will is being protested by some unhappy family members. This item is ON HOLD until we know more.

## BOOK REVIEWS

**TARGET: MIDNIGHT**  
By: Amy Morris

Target: Midnight performers (which include spook shows, séances, mediums, etc.) have been around since man first walked upright so saying it all started with the Abbott's Magic Company would be a falsehood. Kellar, Thurston, Blackstone, and many others all did some form of "spook show" magic in their acts but they were simply part of a larger magic act. However, three major catalysts happened in a 5-year period that really led to the conditions being right for the Abbott's Magic Company to have the success it did enjoy (and does to this day) with the Target: Midnight performers.

The first catalyst was in 1926 when Harry Houdini died on Oct 31st. Houdini began a crusade of exposing fraudulent mediums and their methods by duplicating their effects on stage. This generated an incredible buzz and soon other magicians were following suit. When Houdini died on October 31, 1926, his wife Bess began séances to try and contact Houdini in the afterlife. Houdini had given his wife Bess a code word so that if contact was made, she would know it was him and not a stunt. Thus annual séances by magicians to contact Houdini began and were very well publicized. These usually took place each Halloween - the day Houdini died.

See *Ex Libris*, continued on page 11

*Ex Libris* continued from page 10

The second catalyst was in 1929, when what many consider to be the first theatre spook show was put on by a magician called El-Wyn. El-Wyn called his show the “Midnight Spook Show” and in the show he would perform some standard magic along with some of the medium methods that Houdini had uncovered. The finale was the entire theatre being put into darkness similar to the séances of the day, and luminous beings and “spooks” would enchant the theatre. The difference between Houdini’s séances and El-Wyn’s séances was that El-Wyn did not expose the effects, nor did he endorse them as real. He simply did them to entertain the audience and the audience loved it! One thing that would remain constant (through the El-Wyn era to the Rocky Horror Picture era) was that the audience was young, mostly teens and young folks in their early twenties.

The third catalyst occurred in 1931 when the movies Dracula and Frankenstein were released and they generated a whole host of horror movies. Other midnight spook shows began popping up using the same format as El-Wyn, with psychic phenomenon, séances, and even hypnotism being used with standard magic effects. They all ended the same way, with the theatre in darkness and luminous spooks running about the place. It should also be mentioned that many magicians who worked the spook shows did so not because they loved horror, but rather to earn a living. It was the middle of the Great Depression and there were not many jobs for magicians available. Working a spook show was a pretty good way to start a career in magic.

It was in this environment that the Abbott Magic Company was born and while Abbott’s was not created for the spook show or séance workers, it would find out very soon that there was money to be made if you could secure a good percentage of the magicians who worked the spook show circuit as customers.

1934 was the year that Percy Abbott decided to open a magic shop in Colon Michigan. This was risky business because the last magic shop to open in Colon Michigan - The Blackstone Magic Shop - had just closed. Percy was determined to make this magic shop different than the last, especially since the owner of the new magic shop - Percy Abbott - was the manager of the now closed Blackstone Magic shop.

To capture the Target: Midnight performers business, Percy decided to print a catalog for \$1,000 and partnered with one of his magic students Reil Bordner (who bought into the company for . . . you guessed it, \$1,000) and they put their items on the market through a mail order campaign . . . the gamble paid off!

This is the story of how the campaign, the performers, and the magic of the Target Midnight era.
